

# ALTERNATOR SERVICE

## YASITH THENUWARA

I am a dedicated alternator service vehicle electrician with a passion for ensuring the reliability of vehicle electrical systems. With years of hands-on experience, I specialize in diagnosing and repairing alternators, charging systems, and other critical electrical components for a wide range of vehicles. My commitment to precision, customer satisfaction, and safety drives me to deliver top-notch service every time. Whether it's troubleshooting complex issues or performing regular maintenance, I strive to keep vehicles operating at their best, ensuring minimal downtime for my clients.

# ABOUT

we are experts in alternator servicing and vehicle electrical solutions. Our skilled team specializes in diagnosing, repairing, and maintaining alternators and charging systems for all types of vehicles—from light cars to heavy-duty trucks. With a focus on reliability, efficiency, and customer satisfaction, we use advanced tools and techniques to ensure your vehicle's electrical systems are in top condition.
